ORNAMENTAL BRANCHES.

DRAWING, PAINTING AND WAX FRUIT.—This department receives liberal attention. Superior facilities are furnished, under a competent Instructor, exclusively devoted to this department, for the study and practice of Linear and Perspective Drawing, Pastel and Monochromatic Painting, Painting in Oil, and in Water Colors.

MUSIC.—Vocal and Instrumental Music receives special attention. Instruction in Vocal Music is given to the whole school, at regular periods.

The ladies are allowed to substitute these branches, together with German and French, for some of the higher studies in Mathematics, and for the Latin and Greek.

The classes in Mensuration, Leveling and Surveying, are practiced in the use of the Quadrant and other instruments, and in Plotting.

In the department of Ancient Languages, the classes are practiced in oral and written exercises in Latin and Greek, throughout the Course; and, in the Third Year, in writing translations from Latin into Greek, and from Greek into Latin. In addition to the books above named, Zumpt's Latin Grammar and Kuhner's Greek Grammar are used.

Anthon's Classical Dictionary, Smith's Dictionary of Greek and Roman Biography and Mythology, Ramshorn's Latin Synonyms, Robinson's Lexicon of the New Testament, and Forbiger's Ancient Geography, are recommended as books of reference.

Regular courses of Lectures will be given in Natural Philosophy and Chemistry; and occasional Lectures on Astronomy, Geology, and such other subjects as the wants of particular classes may require.

The classes in the First Year of Academic studies have exercises in reading and analyzing Milton, Thompson, and other poets, in connection with a course of familiar lectures on the principles of English Grammar.

A NORMAL CLASS will be formed, (when required,) and special attention will be given to those who may wish to prepare themselves for the important duties of teaching.

A BIBLICAL CLASS will also be formed for the benefit of such as have the Ministry in view.

COMMERCIAL DEPARTMENT.—In this, Lectures on Commercial Law, Political Economy and Mercantile Etiquette will be given. The course includes all that is requisite to the Practical Accountant.

LOCATION.

Williamsport is one of the most beautiful and healthful places in the State. It has never been subject to epidemics of any kind. No student has hitherto suffered in health by a residence here. On the contrary, many coming to the School sickly, have returned fully restored. The location is central and accessible from all quarters. The Railroads, now completed, bring us within a few hours ride of Elmira, Lockhaven, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia, Baltimore and New York. No more desirable position for a Seminary of Learning can be found.

ORGANIZATION.

The School is organized on the most approved plan of the best Institutions of New York and New England. It embraces both sexes, under the same government and instruction. The Principal's family and the Teachers occupy apartments in the building, and have a constant oversight of all the Students.

The ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instructors. *The Ladies and Gentlemen have less freedom of intercourse here than at home.*

The happy influence, *mutually exerted*, in their slight association in the recitation-room, at the table, and in the public exercises of the Chapel, is to be seen in the cultivation of a cheerful and animated disposition,—in the formation of good habits and manners,—in ardent devotion to study,—and in the attainment of high moral character.—These with many other valuable results, have established the fact, that the best plan for a School is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated, christian family.

ACCOMMODATIONS.

The buildings will accommodate (two in a room) about two hundred students. They are of brick, heated by furnaces in the cellar, and lighted with gas. The rooms are large and well ventilated. In the entire arrangement of the buildings, great care has been had for the comfort and health of the occupants. The grounds contain about seven acres, affording sufficient room for exercise and play.

BOARDING, ETC.

All students from a distance are required to board in the Seminary. By the following list of prices it will be seen that our total expenses are quite as low as that of any Institution of like grade in this State; not excepting those schools in which cheap scholarships have been sold. We desire to bring down the cost of education to the lowest point possible, and thus afford to the masses, sound, intellectual, and moral culture. Board, including washing (10 pieces,) room and fuel, is \$2.35 per week.

CALENDAR AND EXPENSES.

The Seminary Year is divided into three unequal terms. Pupils are received at any time. Deduction for absence is made on recommendation of the Faculty to the Treasurer. Bills payable in advance.

ROOMS AND CLOTHING.

The rooms are furnished with all heavy articles, but the Students must bring their own sheets (for double beds,) pillows, pillow cases, blankets, counterpanes and towels, and find their own brooms and mirrors.

Students should be supplied with warm, durable clothing, heavy boots and shoes, an umbrella, and a pair of slippers to be worn while in the building. *All articles of Clothing should be carefully marked with the full name.*

APPARATUS.

The Seminary is furnished with a collection of apparatus together with full sets of Globes, Maps and Charts, and a Cabinet of Minerals, thus affording facility for illustration and experiment.

DISCIPLINE.

The Discipline is mild, but firm and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretions, yet the lawless and refractory cannot long remain among us.

RELIGIOUS SERVICES.

Every student is required to attend religious service at the opening and close of school, each day, as well as public worship morning and evening, every Sabbath, *at such place as parents or guardians may designate.*

N. B.—Each student must be supplied with a Bible, to be read *without note or sectarian comment*, in the morning and evening services of the Chapel. The whole school read in concert.

LITERARY SOCIETIES.

Besides the regular weekly exercises in Composition and Declamation, there are three flourishing Literary Societies in the Institution: the "Belles Lettres," "Gamma Epsilon," and "Tripartite Union," each of which prepares and reads to the school a paper once a month.—About 1600 vols. are in the Societies' Libraries.

MERIT AND DEMERIT.

A strict weekly record is kept of all the exercises of the School, from which record the students will be graded, and their scholarship will be indicated in the annual Catalogue.

A record of demerits is also kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct, will subject the student to demerit marks. Three such marks will bring a private reproof before the Faculty; six, a reproof before the Ladies or Gentlemen, as the case may be; nine, a public reprimand before the whole school; and twelve may send the offender away. Semi-Sessional Reports are sent to parents.

TO YOUNG MEN.

Several steady young men can have employment in the Institution, and thus meet a large portion of their expenses.

Schools also can be had by Ladies and Gentlemen who desire to teach. Applications are made from a distance for competent teachers.

A WORD TO PARENTS.

1. Try to have your children here at the commencement of the term. The classes are then formed, and it will be better for all concerned for the student to start regularly with his class.

2. If possible, do not call them away during the session. Absence, if only for a few days, disarranges the classes, and is generally the beginning of irregularity on the part of the scholar.

3. Do not allow your children to leave the school before the examinations, unless it cannot be avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution.

4. Supply them *very sparingly* with spending money. Parents cannot be too cautious on this point.

5. Select for your child one of the Instructors, as a Patron, to distribute his funds. In this way a more judicious use of your money will be made, and your child be kept from many temptations.

N. B.—These last two suggestions are to be regarded as established rules of the school.

Students not boarding in the Institution, must observe the following additional rules:

1. Attend Evening Prayers.
2. Must attend all the Seminary Exercises punctually.
3. Must spend the intervals between recitations in the Study Hall.
4. Must account for all absences by written excuse without delay, time and number of recitations being specified.
5. Must not visit the rooms of boarders, except during recreation hours.

BY-LAWS.

1. During the hours of study, the students shall not be unnecessarily absent from their rooms.
2. At the time appointed to attend prayer, recitation, lecture, or other exercise, each student shall repair *quietly and promptly* to the place designated.
3. At no time shall any student loiter in the halls, or about the doors, or indulge in jumping, loud talking, whistling, or any other unnecessary noise, or in the use of tobacco, in the buildings.
4. The students shall not be absent from their rooms at night after the hour of study indicated by the ringing of the bell, nor shall they at any time, attend parties, or mixed assemblies, without permission from the Principal; nor shall they, at any time, visit taverns, eating houses, depots, or other places of public resort, or on any occasion indulge in the use of intoxicating liquors.
5. All profane and indecent language, playing at games of chance, injuring the property of the Institution or of the citizens, quarreling, fighting, or the carrying of fire-arms or other dangerous weapons, is strictly forbidden.
6. No student shall leave the limits of the town for a longer time than one hour without permission.
7. Each student will be held strictly accountable for any damage he or she may cause to the Seminary property.
8. The Teachers and Steward must, at all times, have access to the students' rooms, and if it be judged necessary, the rooms will be cleansed at the expense of the occupants.

9. Cleanliness of person and of apparel, and a gentlemanly and lady-like deportment must be observed by all.
10. No water, dirt or other material, shall be thrown from any window in either building, or down the hot air flues, or into the halls after they have been cleaned.
11. The occupants of the Boarding House must have their rooms swept and in order, and their lights extinguished, at the established hours.
12. No student will be allowed to go a bathing, fishing, gunning or riding, without permission.
13. The students must not visit the kitchens, dining room, or any other room, except their own, without permission.
14. The Sabbath must be strictly observed by all. No walking about, visiting, or receiving of visits, except by friends from home, will be allowed. All must attend public worship twice during the day, at such place as they or their guardians may prefer.
15. No lady shall at any time receive calls from gentlemen at her own room. Friends from a distance can see the ladies in the parlor.
16. The young ladies will not be allowed to leave the Seminary grounds, at any time, without permission; and the gentlemen will be restricted at the discretion of the Faculty.
17. The students are expected to pay proper respect to the Steward, as well as to all officers of the Institution.
18. No student shall change his or her room, or boarding place, without special permission from the Principal.
19. No student will be permitted to leave the school, during its session, without an express request from the parent or guardian, made to the Principal, and with the consent of the Faculty.
20. Any student, who without just cause, shall fail to attend the examinations, will be considered as under censure, and will be so marked on the next Catalogue.
21. Permission to be absent from any exercise must be obtained, if possible, before the absence occur.
22. No student will be permitted to leave any class without the consent of the Board of Instruction.

23. The Ladies and Gentlemen must not visit each others' apartments, walk or ride together without permission ; nor must they at any time converse together from the windows.

24. Students from the neighborhood will not be permitted to visit home at such times as will interfere with the regular exercises of the school.

25. Any offending student may be punished, according to the nature of the offence, by private or public reproof, suspension, dismissal or expulsion.

26. Students dismissed or expelled, are expected to leave the premises at once.

27. No person, not a student, can attend the Society meetings, unless by express permission from the Faculty.

28. Any temporary prudential regulation for the government of the school, that the teachers may see fit to adopt, shall be equally binding with these By-Laws.

Grover & Baker Sewing Machine Co.

WILLIAMSPORT AGENCY,

THIRD ST., & MARKET SQUARE.

Having greatly increased their facilities for manufacturing their celebrated Family machines, with all the recent improvements, have reduced their prices, and offer for sale a New Style Machine,

Price \$50---Hemmer \$5 Extra.

It is no longer a question that these Machines are the best in use. For family sewing, they Hem, Fell, Gather, Stitch in a most superior manner, and are the only Machines in the market that are so well and simply made that they may be sent into families with no other instructions than are contained in a circular which accompanies each Machine, and from which a child of ten years may readily learn to use and keep them in order. They make upwards of fifteen hundred stitches per minute, and will do the sewing of a family cheaper than a servant can do it, even if she works at the rate of one cent an hour. Is there a husband, father or brother in the land, in the United States, who will permit the drudgery of hand-sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand.

Please send to D. R. JAMESON, Williamsport, for a Circular, as he has been appointed Agent for Lycoming and Clinton counties.
